Design/Print Skills

- 10 Years solid experience using Adobe Creative Suite. Specifically Photoshop, Illustrator, InDesign & Dreamweaver
- Knowledge of fundamentals of Design, Typography and Color theory
- Extensive knowledge & experience in designing artwork ready for print

Experience

Graphic Designer / Front End Web Developer

XINKED Print & Design (October 2012 - Present)

Worked in partnership with XINKED as the leading Graphic Designer and Web Developer for all clients associated with the company. Also excelled in a key sales and marketing role that helped expand the recognition of the company and develop solid connections with well known companies from around the UK.

Graphic Designer

BangBang Print (August 2011 - October 2012)

Contracted with BangBang PR & Print to take a key role in producing many brand identities, designing print material, sales & marketing for start-up businesses across the UK & Ireland.

Freelance

September 2008 - Present

Undertaking small projects outside of commercial & contracted work helps me to develop new creative solutions and enhance my ability to provide a better end product for my clients. I currently provide freelance work for Graphic Design, Web Development, IT, Videography, Photography & Print
